

ZMI Polarization Beamsplitter

P/N	DESCRIPTION	OPTICAL
6191-0134-01	Polarization beamsplitter	General See Figure
PHYSICAL CHARACTERISTICS		
Dimensions	See Figure	
Weight	170 grams (6.0 oz)	
Materials	Housing- magnetic stainless steel with electroless nickel plating Aperutres- plastic Optics- BK7 Adhesives- vacuum grade, low volatility	Out-of-parallelism between output beam and input beam ≤ 1.5 arc sec
