

ZYGO TRADE-IN PROGRAM

There's no better time to trade in your older equipment for a new state-of-the-art metrology system from ZYGO. Our current products include advanced technology, hardware enhancements, and latest generation software and computer platform – providing the highest value, reliability and metrology capabilities available today, while lowering your overall cost-of-ownership.

The reference table below provides a summary of the program. Please contact your local sales representative for an estimate on what you can expect to receive as trade-in credit for your ZYGO, or non-ZYGO comparable, equipment. Please note that the trade-in credit is only valid towards the purchase of an equivalent system. Only one trade-in credit can be applied towards each purchased ZYGO system.

Product	Credit	Benefits
Laser Interferometers		
ZYGO Phase-shifting, 4-inch/6-inch Aperture Interferometer*	<i>Please Contact Local Sales Representative for a Trade-in Quotation</i>	<ul style="list-style-type: none"> • Hi-resolution megapixel detector for enhanced spatial frequency metrology • Robust QPSI™ data acquisition for high end metrology in a QA Lab or on the production floor • Long life, stabilized laser for greater precision and lower cost of ownership
Non-ZYGO, Comparable Phase-shifting, 4-inch/6-inch Aperture Interferometer*		
Other: ZYGO GPI LC/ST, or Mark I-IV		
Optical Profilers		
NewView™ 5000 Series**	<i>Please Contact Local Sales Representative for a Trade-in Quotation</i>	<ul style="list-style-type: none"> • Enhanced Imaging, measurement speed and automation • Parcentric tip/tilt correction for greater ease of use • Greater measurement range with “More Data” in ZYGO’s Mx™ acquisition and analysis software suite
NewView™ 600/700 Series**		

NOTES: Customer is responsible for all shipping, freight, duties and taxes associated with returning the trade-in product to ZYGO.
